## Develop new Ideas – Invert the course!

- Experiment with Watson Services
- Experiment with new teaching ideas: Invert the course!
  - We provide access to teaching materials
  - You will form small groups and present new discoveries to the other students
  - So we will get acquainted with Watson gradually together
- Develop new ideas and implement them together

## Schedule

- Get in touch with IBM Watson APIs (until May 15th)
  - Enroll into and complete available online courses
  - IBM Developer Cloud
  - IBM Bluemix
- Brainstorm a possible „project“ with the Watson API (until end of May)
- Implement a solution in a small group
- Present solution (end of the semester)

---

## Possible Applications

- Example of commercial applications using cognitive services:
